

The past few months have been very busy at Brother! The company is happy to announce:

-A new licensing agreement with Laura Ashley, Inc., the quintessential English fashion and home furnishings brand known for its classic styling and clean lines. In celebration of the partnership they have announced the Laura Ashley *Limited Edition* sewing and quilting machine, the NX-2000. The full press release can be found by clicking [here](#).

Laura Ashley *Limited Edition* NX-2000

-A first to the sewing industry—a sewing machine with interchangeable Fashion Faces™ Decorative Skins—the look of the machine can be changed to fit one's unique style. Click [here](#) for the press release or [here](#) for the featured product page.

Compact & lightweight sewing gets a new face!

-Six new machines and accessories while at the 2010 Sewing Dealers Trade Association. The Full press release can be found by clicking [here](#), but the introductions were:

1. The Laura Ashley *Limited Edition* sewing and quilting machine, the NX-2000
2. The first 'Project Runway' Limited Edition machine with computer connectivity, the LB6800PRW
3. The Innov-is 950D, a new sewing and embroidery combination machine with built-in Disney® designs and a USB port
4. ELS® Embroidery Lettering Software
5. Horn of America Work Table made exclusively for the PR-600 series of machines

6. A new online retail embroidery design experience for Brother-only customers called iBroidery, which will be available to consumers in May

-A new Project Runway Limited Edition machine, which has already been awarded a 'Best Buy' from Consumers Digest magazine. [Click here](#) for more information.

-The Quattro™ 6000D continues to impress crafters of all types, tech gurus, and even eco-conscious consumers as it's on display at the 'Smart Home: Green + Wired' exhibit at the Museum of Science and Industry in Chicago! [Click here](#) for more details.
